One Fine Day, indeed!

On Saturday, August 8, **Pink Pearl Foundation** proudly celebrated its second annual summer awareness initiative, *One Fine Day 2015*. Supporters, program participants, and friends of the Foundation organized and executed 10 unique events across the Niagara Region, successfully raising more than \$2500 in the name of support for local young women battling cancer.

All *One Fine Day 2015* events — including an outdoor yoga class, a golf tournament, and an organized walk/run — thoughtfully answered the Foundation's call to spread awareness, fundraise, advocate, or simply celebrate life, in honour of its young female program participants (ages 18-40) fighting hard against cancer. Congratulations and thank you to all event organizers and participants!

Funds raised through *One Fine Day 2015* events will contribute to fully-funded support-based programming for all program participants. Programming currently includes day-long and over-night wellness retreats, ask-the-expert health information sessions, and in-hospital support packages. Find out more about the **Pink Pearl Foundation**.
